## 1. Policy Aims and Ethos

The school aims to:

- Run an ECT induction programme that meets all of the statutory requirements underpinned by the early career framework (ECF) from 1 September 2021
- Provide ECTs with a supportive environment that develops them and equips them with the tools to be effective and successful teachers
- Make sure all staff understand their role in the ECT induction programme

## 2. Legislation and Statutory Guidance

- This policy is based on the Department for Education's statutory guidance [Induction for early career teachers](#) from 1 September 2023
- The [Early career framework reforms](#)
- [The Education \(Induction Arrangements for School Teachers\) \(England\) Regulations 2012](#)
- The 'relevant standards' referred to below are the [Teachers' Standards](#)
- This policy complies with our funding agreement and articles of association.

## 3. The ECT Induction Programme

- The induction programme will be underpinned by the ECF, enabling ECTs to understand and apply the knowledge and skills set out in the ECF
- For a full-time ECT, the induction programme will typically last for two academic years. Part-time ECTs will generally serve a full-time equivalent but this can be agreed with the appropriate body on a case-by-case basis
- The programme is quality assured by our appropriate body, East London TSH.

### 3.1 Posts for Induction

Each ECT will:

- Be provided with the necessary employment tasks, experience and support to enable them to demonstrate satisfactory performance against the relevant standards throughout, and by the end of, the induction period
- Have an appointed induction tutor, who will have qualified teacher status (QTS)
- Have an appointed mentor, who will have qualified teacher status (QTS)
- Have a reduced timetable to allow them to undertake activities in their induction programme, with no more than 90% of the timetable of our existing teachers on the main pay range in the first year and 95% in the second year
- Regularly teach the same class or classes
- Take part in similar planning, teaching and assessment processes to other teachers working in similar posts
- Not be given additional non-teaching responsibilities without appropriate preparation and support
- Not have unreasonable demands made upon them
- Not normally teach outside the age range and/or subjects they have been employed to teach
- Not be presented with unreasonably demanding pupil discipline problems on a day-to-day basis.

### 3.2 Support for ECTs

We support ECTs with:

- An induction tutor (Director of Early Careers Teaching) who will co-ordinate the ECF course; the completion of progress reviews and assessments; as well as formal observations
- A designated mentor who will provide day-to-day monitoring and support including weekly coaching meetings and short regular formative observations
- Regular professional reviews of their progress, to take place weekly, at which we will review their action steps and revise them in relation to the relevant standards and their current needs and strengths
- Chances to observe experienced teachers, either within the school or at another school with effective practice
- Regular professional reviews of their progress, to take place termly (except in terms where formal assessment is held), at which their induction tutor will review objectives and revise them in relation to the relevant standards and their current needs and strengths.
- ECT and mentor sessions to be timetabled during teaching hours. In exceptional circumstances however where the school requires flexibility due to timetabling constraints, mentoring may take place outside of teaching hours but should always be scheduled within contracted time

### 3.3 Assessments of ECT Performance

- Progress review meetings will take place at the end of the Autumn and Spring terms, carried out by the induction tutor and submitted to the appropriate body
- These meetings will be informed by clear and transparent existing evidence gathered during the preceding assessment period, and drawn from the ECT's work as a teacher and from their induction programme
- The reviews will be conducted in sufficient detail to ensure that there is nothing unexpected for the ECT when it comes to their formal assessment
- At the end of each year (terms 3 and 6), ECTs will take part in a formal assessment meeting. The outcomes of this meeting will be used by the Director of Early Career Teaching and the Headteacher to decide whether the ECT's performance is satisfactory against the relevant standards. The decision will be written up in a formal assessment form which is submitted to the appropriate body
- The ECT can add their own comments to this final form
- The final assessment report will be sent within 10 working days of the meeting, for the appropriate body to make the final decision on whether the ECT has passed their induction period
- In the event that the ECT leaves this post after completing one term or more but before the next formal assessment would take place, the induction tutor or headteacher should complete an interim assessment to ensure that the ECT's progress and performance since the last assessment is captured.
- The school is expected to provide appropriate bodies with copies of all progress reviews

### 3.4 At-risk Procedures

If it becomes clear the ECT is not making sufficient progress, additional monitoring and support measures must be put in place immediately, meaning:

- Areas in which improvement is needed are identified

Date	Version	Comments

- Appropriate objectives are set to guide the ECT towards satisfactory performance
- An effective support programme is put in place to help the ECT improve their performance.
- In exceptional circumstances where an interim assessment cannot be completed before the ECT leaves post (for example in situations where an absent ECT subsequently leaves their post without returning) the induction tutor or headteacher/principal is still expected to complete an interim assessment report and provide a copy to the ECT and appropriate body

If there are still concerns about the ECT's progress at their next progress review, so long as it is not the final formal assessment, the Director or Early Career teaching and/or the Headteacher will discuss this with the ECT, updating objectives as necessary and giving details of the improvement plan for the next assessment period.
